"A good teacher is like a candle — it consumes itself to light the way for others."

This Gurm Purnima, the students of NSIA honoured the timeless tradition of discipleship with a soulful invocation to LORD VISHNU - the eternal preserver of dharma. Through prayers, hymns and aarti, they celebrated the divine light of wisdom and the sacred bond between Guru and Shishya.

A Month of Magic, Books & Imagination!

"Books are a uniquely portable magic."

From creating colourful bookmarks, to becoming their favourite characters, and spreading the joy of reading through book donations — Reading Month brought stories to life in the most delightful ways!

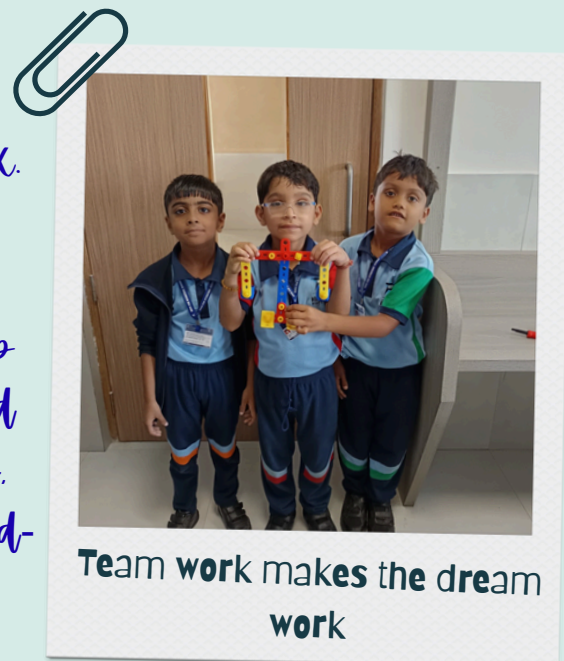

This
VAN
MAHOTSAV
week, the
students of
NSIA dug,
planted,
watered, and
smiled — a
school united
in its mission
to make the
Earth a
greener,
cleaner place.

"Design. Build. Fail. Fix. Repeat — that's how innovation works!"
At NSIA Robotics Lab students get excited and amazed with learning, teamwork, and trial-and-error exploration.

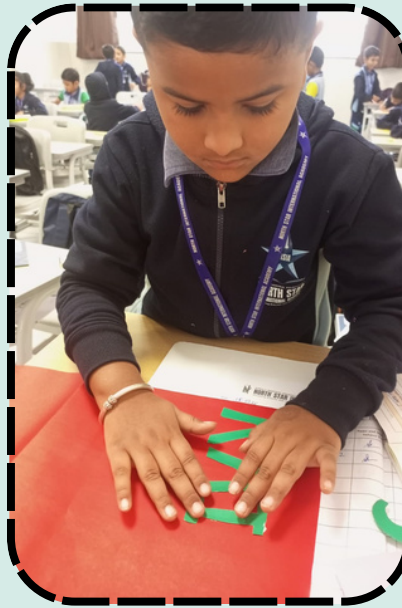

Roll, Count, and Classify!
 A fun-filled activity where
 numbers come alive through
 hands-on play and joyful
 learning.

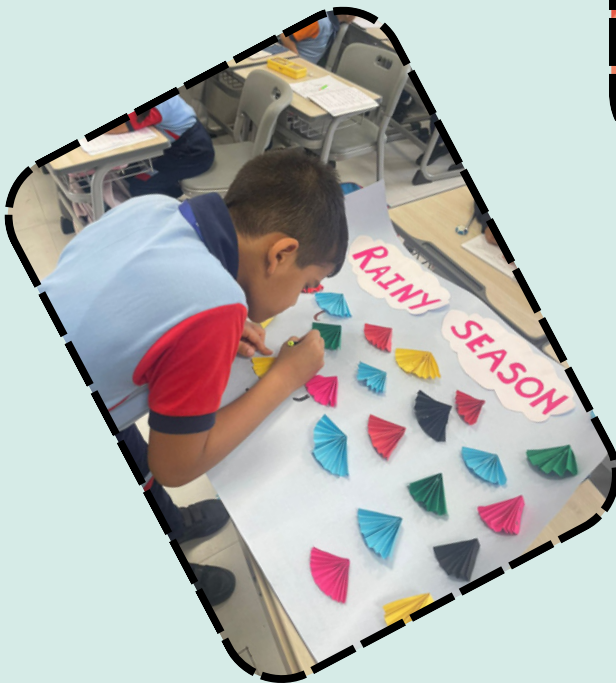

"Toss the dice, think twice — is the number odd or nice?"

A Splash of Language & Creativity

"When language meets seasons, learning becomes magical!"
Students at NSIA joyfully crafted and pasted letters and rainy elements, showing how teamwork and creativity can make language come alive.

"In **every** walk with nature, one receives far more than he seeks."

Students collected, pasted, and labelled leaves, discovering the diversity and beauty of the plant kingdom. An activity that brought nature right to their desks!

"Art has the **power** to transform, to illuminate, to educate, inspire and motivate."

In this **exciting bubble wrap painting** activity, students of **NSIA** learned that **creativity** has no limits! The **bubbly textures**, **bright colors**, and **joyful experimentation** made it a truly **memorable experience**.
