MONTH : APRIL 2026

## CLASSROOM SKILLS DEVELOPMENT

Children participated in a variety of engaging activities that supported fine and gross motor development while also enhancing their cognitive skills through play, movement, and exploration.

### Fine Motor

### Gross Motor

### Cognitive

## DIY

### 💡 HOME CONNECTION

Turn emotional regulation into a visual game!  
**The Challenge:**

- **Add a Block:** When your child has a "heavy" feeling or a tough moment, place a Lego block in a jar.
- **Remove a Block:** For every kind act or positive behavior, they get to take a block out!

**The Goal:** By the end of the week, check the jar together. Aiming for an empty jar helps kids see how their positive choices can "clear away" the heavy moments. It's a great way to monitor progress and celebrate a lighter, happier week!

## QUICK RECIPE MANGO YOGURT

Beat the heat with tropical treat.  
 Blend yoghurt and ripe mangoes, add crispy nuts and here's your healthy snack at bay

## SPECIAL DAYS CELEBRATED

**First Day of School:** A warm and cheerful beginning as little learners stepped into a new year full of excitement and discovery.

**Earth Day:** A meaningful celebration where children explored ways to care for our planet through simple, thoughtful activities.

**Pajama Party:** A cozy and joyful day filled with laughter, comfort, and fun bonding moments in our favorite pajamas.

### MARK YOUR CALENDAR

June 19  
FATHER'S DAY

June 19  
YOGA DAY

June 26  
RED COLOUR DAY

**"Children are not things to be molded, but people to be unfolded."**

**— Jess Lair**
